Elite Class	Under 3½ hours
1st Class	Under 4 hours
2nd Class	Under 5 hours
Merit	Under 6 hours

All competitors will receive **1 Packet of Dynavities** by Healthlife Ltd.

A word from....

John Rawnsley

Event Organiser

I welcome you all to the 22nd Andrews BMW International 3 Peaks Cyclo-Cross. For the third successive year Switzerland are sending a National Team led by last year's winner Arthur Manz; according to their National Coach it is a better team than last year! Four times winner and record holder on the old route, Eric Stone, rides for the first time since 1979, he leads our National Team ably backed by Philip Webster and

Stewart Towers with Frank Loftus (Lancashire R.C.) as reserve. The reduced entry of 165 is because we have raised the minimum age to 18 and also emphasised the necessity for fit and well prepared riders for this the World's toughest and longest cyclo-cross. This year we have four scouting organisations helping us with Keighley Service Team in charge of communications. Bowland

Pennine Mountain Rescue Team and Settle Cave Rescue Organisation will be on hand to deal with any emergencies. My grateful thanks to Mr. David Pollard and Mr. Barrie Glover of Andrews Bros. (Bradford) Ltd. for sponsoring the race for the fifth successive year, all land owners and tenant farmers and everyone who has helped or contributed to this event.

Our Sponsors:

Another year has passed and the time has now arrived for the 22nd ANDREWS BMW INTERNATIONAL THREE PEAKS CYCLO-CROSS—hopefully in much better weather conditions than we all suffered last year! We welcome all competitors to this truly incredible event—some new faces to challenge many riders who enter each year. We are pleased to also welcome our visitors from overseas as the Three Peaks is yet again an International Event.

We at ANDREWS BROS. have an added interest this year—through our involvement in the world of cyclo-cross, we are sponsoring for the first time in this event our own rider—Eric Stone—who has been the winner of this gruelling event four times in the past. He has not entered for the last two years and we look forward to seeing him ride this year as the number one rider in the Great Britain team. May we finally wish every competitor an enjoyable days sport

and we eagerly wait to see who will be the winner of this, the 22nd ANDREWS BMW Three Peaks. We also trust all spectators have a memorable day and we welcome everyone to our hospitality unit to view our display of BMW motor cars—THE ULTIMATE DRIVING MACHINES.

Barrie E. Glover

"CYCLO CROSS-GET IT RIGHT"

Cross Nylon

Specially designed for top crossmen. High-cut at the ankle for support, a ribbed rubber pad on the curved polyamide sole with studs on the heel. The uppers are in woven waterproof nylon, supported by leather bars. Amazingly light in heavy going.

RVT C2053 £27.91

Cross Leather

Similar to the above, but with leather uppers instead of nylon.

RVT C2057 £27.91

Arima Sport Cyclo-Cross Shoes

Any cyclo-crossman wearing these shoes designed by French national champion Roland Berland must be well on the way to acquiring the surefootedness of a mountain goat. The almost flat, composition sole is transversely ridged into 24 backward-slanting 'teeth', a 10 mm thick bar 20 mm wide goes across the middle of the heel, and the matching alloy shoe plate of very sturdy one-piece construction takes two 10 mm screw-crampons when necessary. The front edge of the plate fits into a recess which is positioned according to the size of the shoe and there can be no hindrance to quick engagement of the foot. The non-perforated uppers in supple calfskin have uneyeleted laceholes which finish 50 mm short of the rounded toe. The curved, reinforced back gives good heel grip further enhanced by a 10 mm wide strap which passes through the ample tongue and is stitched well towards the rear, making shoe loss impossible even in the stickiest mud. Upper edges are piped in white, and white and tricolour flashes decorate the offside rear.

AST C2211 £23.35

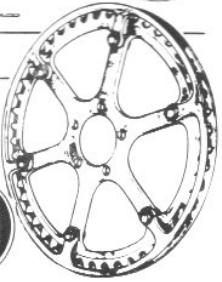

Cyclo Cross

The first to be made specially for cross racing. 1 1/2" x 1 1/2" with two dural chainguards to prevent chain derailing over uneven ground. Available in all popular racing tooth sizes.

43-52 teeth

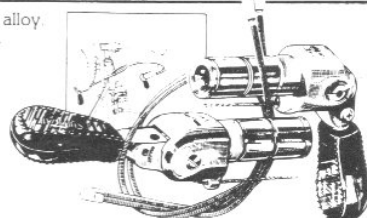

Ref 1205

TA A1825 £21.01

Bar-Con Handlebar Control Levers

Model LD-1400. Material: Die-cast light alloy. Handlebar-end power lever with ratchet. 176 gm (pair). STR A3273. £12.03

'Normal Cross'

A special sturdy tub for the cyclo-cross enthusiast, rough file sides, raised V-cross section.

370 gm. MO T3035. £12.18

Mastercross

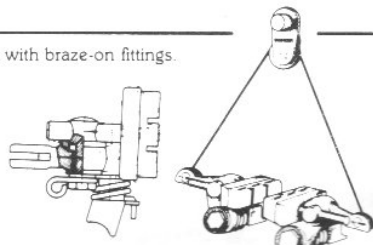

Made for the toughest conditions, cyclo-cross or even rough riding, the synthetic fibre carcass is topped with a heavily studded tread. Rig-tested to 40,000 kilometres.

370 gm. VAT 4087. £16.84

DC Standard 960

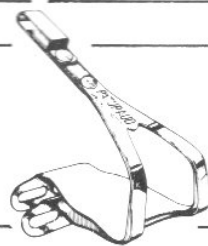

Cantilevers with 160 levers. Complete with braze-on fittings. 390 gm. DCE A841. £12.51

Paturaud Toe-clips

'Special-Cross' is really two clips riveted together, the inner one being cadmium-plated with a broad base without cut-off.

IB PD A7980 £3.82

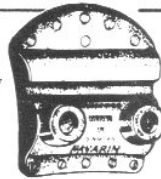

All prices are inclusive of VAT

Pavarin 'Cyclo Cross' Shoe Plates

Two-piece shoe-plate specially designed for cyclo-cross. The forward section has a wider-than-normal slot plus two sturdy studs. The rear section, which fits to the heel, is also double-studded. Complete with nails.

PVN A7230. £2.10
